OUR CORE VALUES

QUALITY

We will ensure that our customers receive goods and services that meets their stated needs

EXCELLENCE

We will strive to give the best to our customers and make TOMSEY our clients' first choice all of the time

INTEGRITY

Our word is our bond. We will not make promises we cannot keep and we will not compromise our client's need for our own gains.

TOMSEY

ENGINEERING & SERVICES INT'L LTD

15A Sule Abuka Crescent, Behind GTBank, Off Opebi Rd., Ikeja Lagos

OUR MISSION

- Provide quality Engineering, Technical, HSE, Construction and Procurement services to meet our customers' requirements while ensuring that they derive maximum benefits from their investment.
- Contribute to the human resources development of our clients by enhancing their knowledge and skills through training intervention in various aspects of operation⁷ and technical development.

**YOUR ONE STOP SAFETY
SOLUTION
PROVIDER**

OUR KEY HSE SERVICES

OUR HSE SERVICES

- HSE Management and Consulting services
- Fire & Safety management Services
- Manpower development/ Training services
- Environmental Management Services
- Procurement services – Personal Protective Equipment

SERVICING OUR CLIENTS

- € We provide free consultancy services to management in PPE selection
- € PPE must be **HAZARD DRIVEN** and not **STATUS DRIVEN**
- € We make recommendations on what is required to several clients including – PHRC, TOTAL, NBL, KRPC. etc
- € We give money back guaranty on products procured for our clients
- € We pride ourselves in quality and quick delivery within agreed time frame

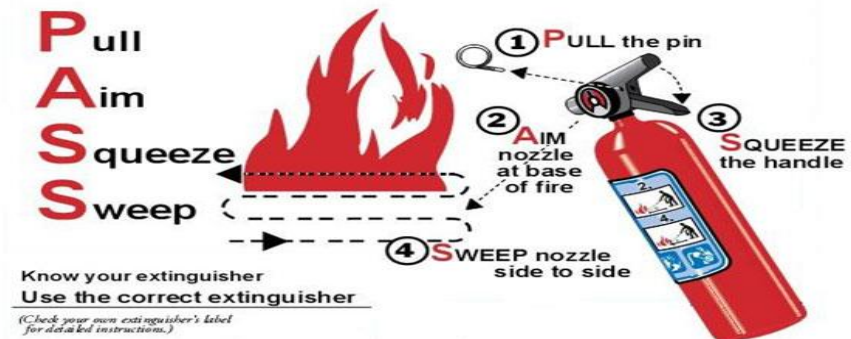

- ❑ Our HSE team is lead by the Managing Director who has over 38 years experience spanning Engineering Design, Construction Management/ Supervision and Facility Operations
- ❑ Our HSE manager has over 14years experience spanning from HSE consulting, project HSE management, policy development and implementation, HSE-MS set-up and implementation, facility operations, audits, fire safety management, technical safety studies and operations of Oil and Gas facilities
- ❑ Other HSE engineers have a minimum of over 10 years experience individually in various aspects of safety and technical safety and operations of Oil and Gas facilities

HSE MANAGEMENT SERVICES

- Development and deployment of customized HSE Management Systems
- Management and implementation of clients' HSE-MS system
- Safety Audit services, and Job Safety Analysis/ Job Hazard Analysis
- Development of HSE Monitoring and Control documentation, procedure and implementation
- Provision of support services [human, materials and intellectual development] for zero accident
- Fire and Emergency evacuation procedure, drills and training
- Fire Safety Audit and implementation of required upgrade

To operate an extinguisher:

HSE MANAGEMENT SERVICES

❑ General Health & Safety Documentations

- ✓ HSE Policies formulation and implementation
- ✓ HSE Management System (HSEMS) – OHSAS 18001 2017/ ISO45001:2018
- ✓ HSE targets & Objectives
- ✓ HSE manuals development
- ✓ Equipment Operational manual
- ✓ Safe Operating procedure manual
- ✓ Project Specific HSE Plan
- ✓ Job Hazard Analysis
- ✓ Safety Audits
- ✓ Emergency Response plans
- ✓ Emergency Contingency plans
- ✓ Site safety inspections and Audits
- ✓ Maintenance of HSE equipment - Fire Hydrants systems, Fire reel & Hose systems, Fire panels and accessories, Fire Extinguishers

HSE MANAGEMENT SERVICES

- Development of Emergency Management system
- Development of Emergency Planning and response procedure customized to our clients needs – planning, establishment and commissioning
- HSE Policy Formulation
- HSE Logistics development and deployment
- Asset Integrity Management
- Human Factor Engineering

CONSTRUCTION SAFETY MANAGEMENT SERVICES

- Construction Safety Management
 - Project HSE Support
 - Punch-listing
 - Construction Equipment monitoring
 - Construction safety assurance
 - Support facilities maintenance
 - Communications and signages
 - PTW system for various class of jobs
 - Safety organization in construction

FIRE SAFETY SERVICES

□ Fire and safety management services

Our areas of competence in fire Safety management supports to our clients includes but not limited to;

- ✓ Fire Risk Assessments
- ✓ Fire safety Audits
- ✓ Fire Protection system Equipment Installation and Mainten
- ✓ Automatic CO2 fire suppression systems
- ✓ Fire hydrants
- ✓ Mobile foam Units
- ✓ Fire extinguisher
- ✓ Fire reel and water system
- ✓ Fire Alarm panels and smoke detectors
- ✓ Water sprinkling system,
- ✓ Pyrocool 0.4 FEF foam concentrate etc.

FIRE SAFETY SERVICES

- Fabrication and Installation of Fire hydrants and sprinklers systems
- Procurement and Installation of Fire Pumps
- Installation of Fire Suppression Systems (FM200, Automatic 200 etc.)
- Installation and Servicing of Fire Detections System and Fire Alarm Panel
- Procurement, Supply and Installation of Fire Extinguishers
- Servicing and Refilling of Fire Extinguishers
- Fire Safety Training and Training of Fire Marshalls
- Fire and Explosion Risk Assessment (FERA)

SOME SELECTED PAST PROJECTS

- Servicing and Refilling of Automatic CO2 for Mainstream Energy Services Ltd. (MESL)
- Completed Installation of Fire Detection Systems and Fire Control Panel at Kates Industries Ltd. Onitsha.
- Servicing and Refilling of Fire Extinguishers in NNPC Towers – NNPC Corporate Headquarters Abuja.
- Procurement and Supply of Fire Water Truck Part Spares for Savannah Energy Victoria Island, Lagos.
- Refilling and Servicing of Fire Extinguishers at Abuja Electricity Distribution Company.
- Refilling and Servicing of Fire Extinguishers at Eco-Scan Lab. Nationwide.
- Procurement and Delivery of Fire Alarm Systems to Cadbury Ikeja.

PROJECTS – Automatic CO2 at Jebba Hydro power plant

PROJECTS – Fire Hydrant Rehabilitation at Jebba Hydro power plant

PROJECTS – Installation of Fire Hydrants systems and Fire Pump at Kates Industries Ltd. Onitsha

PROJECTS – Installation of Fire Hydrants systems and Fire Pump

PROJECTS – Installation of Fire , Alarms, FM200 and Hydrants systems

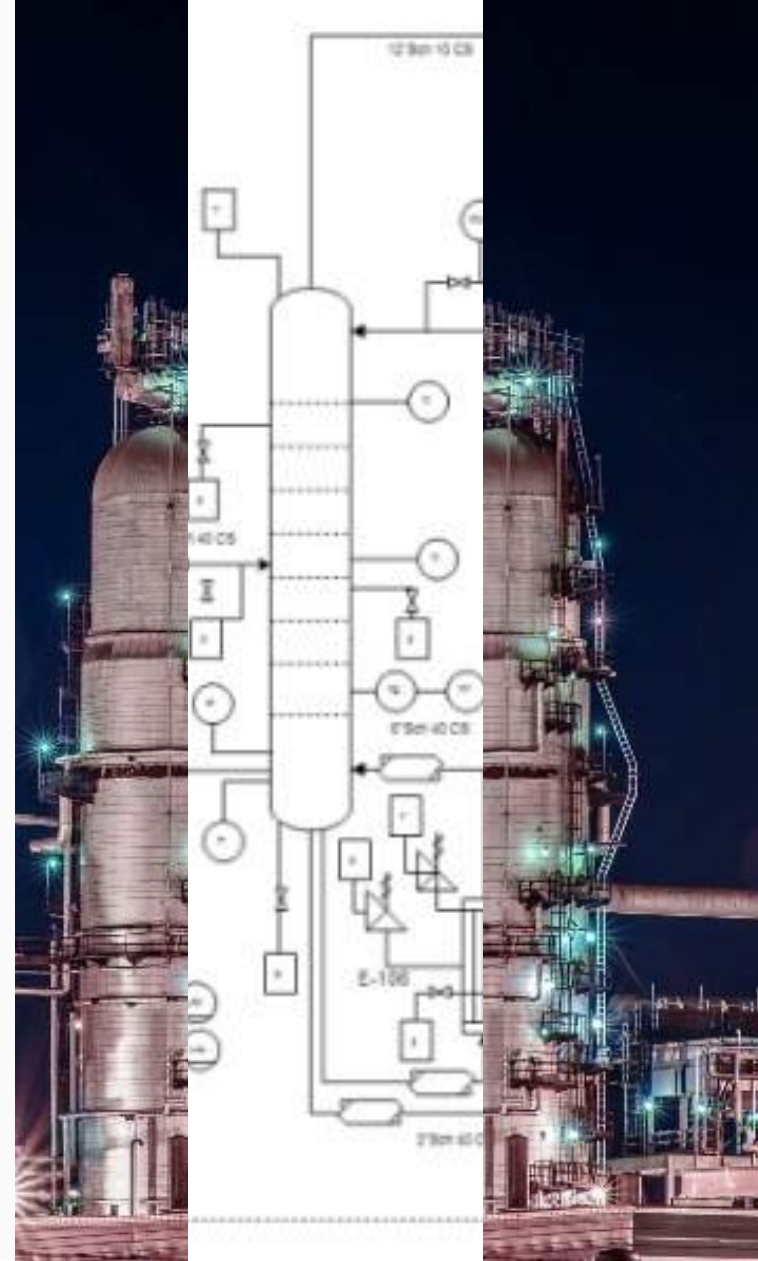

PROCESS/ TECHNICAL SAFETY SERVICES

□ Technical/ process safety Services:

Our areas of specialization in technical safety includes but not limited to the following area;

- ✓ Hazard Identifications (HAZID) Workshops
- ✓ Structured What-IF techniques (SWIFT)
- ✓ Preliminary Hazard Assessment (PHA)
- ✓ Hazard and Operability (HAZOP) studies
- ✓ SWOT Analysis
- ✓ Custom Risk Assessment Workshops
- ✓ Safety Audits
- ✓ Safety Case studies
- ✓ Process Safety – SIL -Safety Integrity Limit

PROCESS/ TECHNICAL SAFETY SERVICES

- Hazard identification [HAZID]
- Quantitative Risk Assessment [QRA]
- Qualitative Risk Assessment
- BOWTIE ANALYSIS
- Health Risk Assessment (HRA)
- Fire and Explosion Studies [FES]
- SIMOPS Studies
- Fire Protection Analysis [FIREPRAN]
- Escape, Evacuation and Rescue Studies [EER]
- Project Risk Assessment
- Facilities Safety Audit
- Hazardous Area Classification
- Development of Safety Management Systems
- Hazard and Operability Studies [HAZOP]
- Safety Integrity Levels Studies [SIL]
- Loss Prevention Studies
- Operational Safety cases for new projects and existing facilities
- 5 -Yearly Operational safety Cases for operational facilities as per DPR Guidelines 2020

TRAINING SERVICES

SAFETY TRAINING SERVICES

**OPERATIONAL AND
MAINTENANCE TRAINING**

**MANPOWER / TECHNICAL
CAPACITY DEVELOPMENT**

GENERAL SAFETY TRAININGS

- ❑ Trainings and certifications
 - ✓ General HSE level 2, HSE Level 3
 - ✓ Fire Prevention and Fighting training
 - ✓ Work at Height training
 - ✓ Manual Handling
 - ✓ Office safety trainings
 - ✓ Confined space training
 - ✓ Aviation Fire & Rescue Career Program
 - ✓ Basic First Aids Certification (first Aider's Course)
 - ✓ Basic Fire Safety Training (Fire fighter's Course - Firemen & Fire Wardens)
 - ✓ Basic Fire Safety Awareness training for all Employees

TECHNICAL/ PROCESS SAFETY TRAININGS

- **Process/ Technical Safety trainings**
- **Hazard & Operability Study (HAZOP) Facilitators' Certification**
- **Safety Auditor's Certification**
- **TUV Functional Safety Engineer's certification**
- **Fire Risk Assessment trainings**
- **Process Safety trainings**
- **Safety Auditors' & Internal Verifier Training**
- **TUV Functional Safety Engineers' Certification**
- **Process Operations Safety training**
- **Hazard and Operability [HAZOP] Training**
- **Process Operations Management**
- **Operational Risk Management in Oil and Gas facilities**
- **Obsolescence Management Certification**
- **Safe Handling of HF Acid and Hazardous Chemicals**
- **Work in Confined Space**
- **Work at Height Safety**
- **Construction Safety Training for oil & Gas facilities**
